DRAGON FIRE GEN4

FEATURES:

- Available with NIJ-Standard-0101.06 Level IIIA ballistic system
- Exceptionally strong and durable 500 denier CORDURA® outershell construction
- Self-Suspending Ballistic System™ (SSBS) helps prevent ballistic panels from rolling and sagging inside the carrier
- Internal shock absorbing straps significantly improves weight distribution and load bearing support
- Maximum MOLLE compatible load Bearing Webbing System
- Rapid release system in the shoulders and waist for rapid doffing
- Top loading plate pockets in the front and back accommodates hard armor plates, 8" x 10 or 10" x 12" (size dependent on carrier)
- Hidden front "kangaroo" pockets with bungee retention adapters, capable of securing AR-15, M16, or similar magazines
- Removable, adjustable internal and external cummerbund for load bearing stabilization
- One size external cummerbund (Overlaps in back for smaller sizes)
- Back hook/loop tunnel to secure cummerbunds
- Internal pocket to tuck groin protector
- Reinforced drag handle
- Custom agency ID Placards

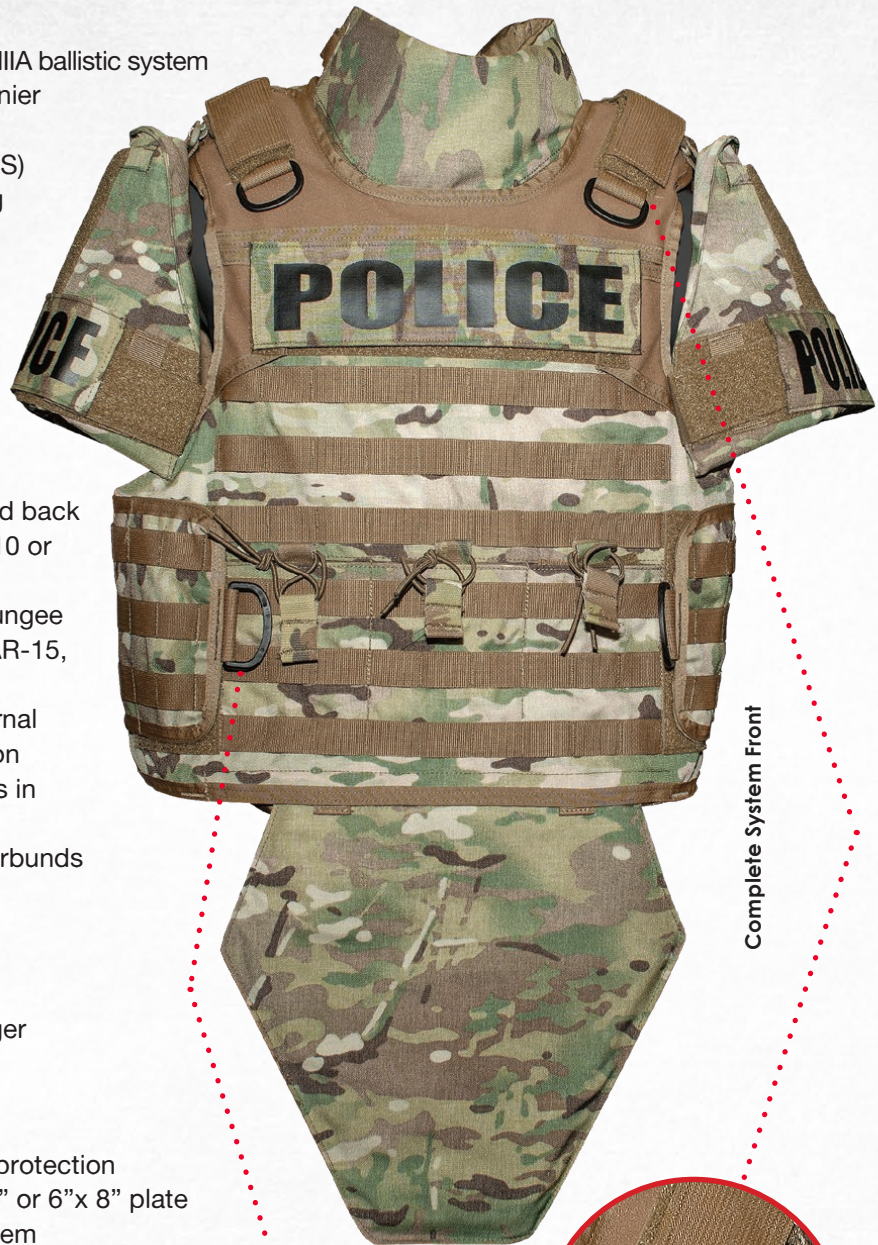

COLORS: Black, Coyote, Multi-cam, Ranger Green and OD Green
