

FRK 360 GENII PLATE CARRIER

Within a split second, firefighters and EMS personnel are called to dangerous situations and their protection needs to reflect this. During active shooter scenes, these threats may require higher levels of protection against rifle rounds and armor piercing ammunition. The **FRK 360** plate carrier accommodates a variety of hard armor plates (ceramic, polyethylene or steel), easy to don and doff and is also specially designed to be worn over turnout gear.

- **Made FOR and BY First Responders to meet their needs in the ever changing dynamics of emergency services**
- **Completely customizable for every critical mission, budget, and department need**
- **Provides the best combination of protection, adaptability and function**
