- 2" welded elastic shoulder strap adjustment
- Body side anti-microbial, moisture wicking DryRun® mesh
- Available shape:
    - Python Female

Front

With DryRun™ Technology

Python concealable carriers feature high performance comfort fabrics called DryRun®, which utilizes Sorbtek® permanent moisture management and environmentally safe A.M.Y® antimicrobial yarns. Through its Catch / Move / Release technology, DryRun® provides up to 6 times more moisture movement capacity than standard nylon, polyester and other moisture wicking fabrics. Less bacteria also means less odor through A.M.Y.®, which permanently inhibits the growth of odor causing bacteria on fabrics.

Sorbtek®
A.M.Y.®
antimicrobial yarns for odor control

MOISTURE MANAGEMENT PERFORMANCE
(15 cm movement time in minutes)

30 MINS	NYLON
30 MINS	POLYESTER
17 MINS	MOISTURE WICKING MATERIAL W/ ANTIMICROBIAL
5 MINS	DRYRUN

Dry Run™ wicks moisture away from the body up to 6 times faster than other fabrics.
